To help maintain essential services and address long-term financial needs, the Burbank City Council placed Measure C on the November 3, 2026 ballot.

Measure C proposes to increase the hotel tax rate charged to guests staying at Burbank hotels/motels from 10% to 12%, bringing Burbank closer to rates already in place in neighboring cities. Burbank's hotel guest tax has remained at 10% since 1983.

MEASURE CC

CITY CHARTER AMENDMENT

Measure CC would amend Burbank's City Charter to give the City Council and voters greater flexibility to consider future election methods that best meet the community's needs.

- This flexibility could help the City respond to future changes in state or federal law and reduce the risk of future costly litigation.
- If approved by voters, Measure CC would amend current Charter language so the City could implement future alternative election methods.
- Doesn't require Measure CD to pass to take effect.

MEASURE CD

BY-DISTRICT COUNCIL ELECTIONS

Measure CD will ask voters whether Burbank should continue at-large elections or transition to by-district elections for City Council seats.

- The City would be divided into geographic districts. Each would be represented by one council member who lives in that district.
- Voters would only vote once every four years for the City Council member representing the district in which they live.
- Requires Measure CC to pass to take effect.
