

Public Safety Employee Pay and Benefits **Should Not** Be Set by Political Agendas

Public safety is not a political bargaining chip.

Measure A puts pay decisions in the hands of neutral experts who can focus on what's fair and keep political agendas out of the process.

County public safety employees, including firefighters and sheriff's deputies, are legally prohibited from striking because it would threaten public safety. But there is nothing they can do if the County refuses to negotiate. Measure A fixes that.

Measure A would:

- ➔ Provide fair pay and benefits for public safety employees
- ➔ Require good-faith negotiations
- ➔ Reduce costs and time spent bargaining
- ➔ Account for current and future economic conditions
